IT HAS BEEN ESTIMATED THAT UPWARDS OF

100,000 Persons

attended that splendid Edifice

OAK HALL,

at its erection, AND THAT

150,000

WERE CLOTHED AT THIS POPULAR

Coloring Establishment.

Reasons why Clothing can be sold at this

Establishment so much LOWER than at any

other place are these:

—Our retail sales are about ten times the

amount of any other establishment in Boston.

—We do a sole Cash Business, conse-

quently the purchaser does not have to pay for

the goods until they are sold, and all the genteel class

of people have been in the habit of ordering

clothes up town, and their bill sent once or

twice a year, have found that they can make a

big saving of about ONE HALF, by cash

at OAK HALL, and can get a garment made

to order, or a little better.

I was to judge by some samples worn,

that upon the human form divine, as though

journeymen had made them, AND NOT

“THEY WERE,” so that with all this

trade of Custom Work, and a large quan-

tity of ready-made, I am enabled to sell at

Extra low Price.

Custom work is made by Journeymen Tail-

ors, and we employ none other than the

MOST SCIENTIFIC CUTTERS.

To give the public an idea of the extent of

business, I will merely state that I have at this

my employ

able Cutters.

Shirts and Book keeper;

Men expressly for our nice custom

work, and the astonishing number of

operations, on this work, adapted for Spring

and Summer.

Wholesale Dealers will find at this establish-

ment a very description of

ready-made Clothing,

IN ANY QUANTITY.

Gentlemen will recollect we ask no more at

than what we have an endless variety of

RICH PIECE GOODS,

ALWAYS ON HAND,

will be made to measure in that style of el-

ect for which this establishment has become so

famous.

To a town, or city, or a state,

nation, that we our addresses confine,

plans are mature, and our efforts are great.

All climates of the earth without rival to

mine!

ations we speak! for all nations we toil!

We look for support in this glorious strife;

give that no obstacle ever shall foil

our grand aim of our heart, while we linger in

it!

ard all the snares and the frauds of the trade

and up the standard of spotless reform;

trust that so long as that standard's display-

## Penobscot Senatorial Convention.

The Whigs of the Penobscot Senatorial District will assemble in convention at Bangor, on Tuesday, the 20th day of August next, at nine o'clock in the forenoon for the purpose of selecting candidates for State Senators for said District. Also to nominate a candidate for County Treasurer, and County Commissioner. The towns and plantations will send the following number of delegates viz:—Plantations 1 delegate each. Towns having 1000 inhabitants and under, 2 delegates. over 1000 and under 2000, 4; over 2000 and under 3000, 6; over 3000 and under 5000, 10; over 5000, 15. Per order of County Committee. Bangor, July 29, 1844.

## Congressional Convention.

There will be a convention of the Whigs of the Congressional District composed of Penobscot and Piscataquis Counties, on Tuesday the 20th day of August next, at Bangor, at ten o'clock A. M. for the purpose of nominating a candidate to represent said District in the next Congress. In sending delegates to this convention the same ratio will be observed as in the selection of delegates to the Penobscot Senatorial Convention. Per order of the County Committee. Bangor, July 29, 1844.

## Whig Mass Meetings.

Agreeably to the recommendation of the Whig State Committee, the Whigs of the Penobscot Congressional District are invited to meet en masse, at Bangor on the 20th of August next, where they will meet the Hon. Geo. Evans and other distinguished speakers from abroad.

## Great Whig Congressional AND MASS CONVENTION.

THE Whigs of Old Somerset and Democratic Waldo, will meet in Convention at Palmyra, Maine, Friday 16th Aug. next at 10 o'clock A. M. to select a candidate for Representative to Congress. Every town is expected to be awake and fully represented. Messrs. Evans of Gardiner, Bronson of Augusta, McKenny of Philadelphia, Hutchinson of Athens, Crosby of Belfast, Sanborn of Levant, Allen of Bangor and several other good, true-hearted, whole-souled Whigs are warmly and earnestly invited to be present to grace the mass and ratifying Convention which will assemble directly after dinner, by enlightening, animating and cheering on the whigs to glory and to victory in the coming contest. GEO. LANCY, and 300 others. Palmyra, Aug 1, 1844. N. B. Commencement at Waterville will be the 14th of Aug; County Convention for Somerset at Norridgewock the 15th, and the above Cong. Convention on the next day, 16th. So that it will convene gentlemen invited and others who can go from Norridgewock directly to Palmyra Convention upon the next day. The Kennebec Journal, People's Press and Waldo Signal are requested to copy the above.

## Come to the Gathering, Come.

THE friends of CLAY and PROTECTION in Orono, will raise an Ash Tree and hang out their Banner in that Village on SATURDAY next, at three o'clock, P. M. and they invite their friends in the County to come and help them. Addresses will be delivered by Hon. E. H. Allen of Bangor and A. Sanborn, Esq. of Levant. Col. Thos. L. McKenny of Pennsylvania, it is expected, will also be present and address the meeting. It is hoped the neighboring towns will be strongly represented. "Come rally! come rally! a charge and a shout, As the blast of our bugle rings cheerily out, Come rally! come rally! one effort to save The land of the free and the home of the brave." Orono, July 30, 1844.

## Duty of the Whigs.

The nominating and Mass Conventions to be holden in this city on the twenty-first day of August should now engage the attention of the whigs in every town. Let the primary meetings be called in season and a full number of delegates to each convention be chosen. This is an indispensable duty in order to insure success. The mass convention we hope will be a great patriotic gathering of the people, to consult upon the public good and to listen to their favorite orators. The true spirit of unanimity and enthusiasm now animates the whigs of the Union. Maine herself is fast coming up to the good name, and if the full whig strength can be brought to the polls, the State is sure for the whigs. The friends of Protection to Home Labor in Penobscot and Piscataquis should see to it that there is no neglect on their part, and that there may not be they should in every town open the campaign at once, hold their primary meetings, discuss the measures of governmental policy that mark the difference in parties and thus get ready for throwing a full whig vote in September and carry an effective and robust majority in November.

The tenth anniversary of West India Emancipation was celebrated in this city yesterday. We did not attend the services, and we confess that we have for a year or two felt less interest in the public observance of the anniversary of this truly great event on account of the fact that the managers of the 'Liberty' party have been quite too anxious to make political capital out of it. If the observance of this anniversary could be divested of its partial, partisan character, and conducted with reference to the great moral and social progress which West India Emancipation indicated, and the great point of beneficent elevation to which it tends, then all the people would rise up and become interested in it and rejoice together that humanity is making progress to a higher condition. Our own heart leaps with joy at every advance that is made in elevating the God-made man above all mere fashion or institutions, and giving him his true position as a unit in the creation of God. To this end we are willing to work and for this we love to pray. But we are unwilling to acknowledge that the 'Liberty' party have any special desires for the accomplishment of this, or that their courage is any where near as likely as the policy of the Whig party to effect it.

## Mass Meeting at Waterville.

The whig mass meeting at Waterville, it will be recollected takes place on the fourteenth instant. The annual commencement of Waterville College takes place on the same day and an opportunity will thus be afforded to all to attend the college exercises in the forenoon and the great mass meeting in the afternoon. This arrangement will probably secure a larger attendance than might otherwise be expected. These mass meetings should be attended by all who can make it convenient to be present.

## Another change in the Gazette.

The Gazette yesterday appeared with the name of Geo. W. Light as publisher and George W. Light and John E. Godfrey Esq. editors. The promised valedictory of Mr. Walker has not appeared. We understand that the sympathies of Mr. Light, independent of the abolition question, are in favor of the loco party, but the future course of the paper must determine its character. If it does not improve, it will not by because there is no room or necessity for improvement.

Mr. Cullen Sawtelle the loco candidate of Somerset and Waldo for Congress has come out with a letter in favor of the immediate annexation of Texas. We should like to see him challenged to take the stump before the people by the good whigs of that district when they get their man nominated. We think it important the people should see clearly the whole of this Texas business in its true light.

The Waldo Signal speaks in the highest terms of the new Whig Hall erected in that village for the accommodation of the Clay Club and of the stately Liberty pole and other appropriate emblems connected with it. The kind and cordial invitation extended to us by the editor of the Signal we are half tempted to accept and by and by, some evening, when the Club is not better engaged we will take a friend with us and occupy the time, just by way of affording a variety.

## Bark Herschell struck by Lightning.

We have been politely furnished with a letter received in this city from Captain Adams of Bark Herschell of this port, dated Logans, May 11, from which we learn that the Herschell left Bahia on the 23rd of Feb. last and arrived on the coast of Africa on the 6th of April. On the passage, off Cape Palmas experienced a dreadful tornado which however was discovered in season to have all sails furled. The thunder and lightning were terrific and struck the Bark aloft, splitting main top gallant and royal yards all to splinters and slightly splitting main top-gallant mast, passing down on deck, knocking down chief and second mate, three seamen, cook and two passengers. At the same time splitting the after combing of the main hatch, passing into the hold, setting fire to a bale containing tin ware, cutting the tin into all manner of shapes; also cutting some tin canisters to pieces. No one was killed or very seriously injured. Capt. Adams had been on the coast thirty six days. Had experienced much sickness on board, but only two remained on the sick list and they were fast recovering. He would probably leave the coast in thirty-five or forty days. At most of the ports he visited were American and other vessels but none of them are named.

The New York Post and the Plebeian keep up a strong canonading about the annexation of Texas. The different sections of the party in New York evidently feel that the recent disclosure of the existence of confidential circulars and the wide spread dissatisfaction at the "new phases" of Democracy as put forth to the world by the late Baltimore Convention, make a crisis of no ordinary importance in the prospects of the party. It is amusing enough however to notice how the leaders of the party in this vicinity attempt to throw over the matter an air of indifference, and to represent it as of no sort of consequence. Now any one can see that the movement is not of that slight consequence—has not been started by men of small minds, nor is it based upon such trivial grounds as to make it a matter of no consequence. In New York it is justly treated as a grave affair. The singular attempt in this region to hustle it out of the way betrays a strong disposition to conceal the magnitude of the matter. The leaders may succeed in blinding the eyes of a portion of the party, but all eyes they cannot blind. An intelligent people do not like such treatment—they will inquire out the truth and act according to the convictions of their judgement. To show a little of the spirit of the contest in New York we make a quotation from the Post:—"With some people names have weight. Mr. Van Buren, Mr. Wright, Mr. Benton, to say

nothing of the many prominent democrats in this state, have declared their irreconcilable hostility to the Texas scheme, urged on the new ground of slavery and for the benefit of slavery. "Is it to be supposed that these gentlemen are all to come to the right-about-face, because a few men in Baltimore see fit to pass a resolution in regard to which they received no mandate from the people? If the democratic party has such ability to "jump about and turn about," as they would imply, not Mr. Polk but Jim Crow should have been our candidate." The Plebeian gives its idea of the character of the movement in the following words:—"The secret, confidential circular, signed by a few men, clandestinely circulated through the State, for the express object to assemble a portion of the Democracy for the purpose of expressing their disapprobation of the cardinal measures that are to decide the coming contest, is a policy so anti-democratic in its conception and its tendency, that those engaged in it can be looked upon in no other light than enemies to the sacred principles we are contending for." If this and a great deal more of the same character is a matter of indifference to the loco leaders it must be that they have given up the contest and consider their cause hopeless. They might as well.

It will be recollected that our whig friends at Orono are to have a grand time in raising their Ash-tree to-morrow afternoon and want all the help they can have from this city.

## Rev. Mr Fairchild—Guilty.

The ecclesiastical council convened at Exeter for the purpose of examining the charge against Rev. Mr Fairchild; implicating him as guilty of criminal intercourse with Miss Rhoda Davidson have after a patient hearing declared that he has failed to make out a case of conspiracy and that they "feel compelled to express their deep conviction that Mr Fairchild cannot be innocent in this matter, and that unless he can present a clearer vindication of himself before some tribunal more competent than ourselves to compel the attendance of witnesses, and the utterance of all the truth, and till such act be done, he ought not and so far as our decision goes, does not hold the place of a Minister in the Church of Christ." The foregoing was accepted by the Council, yeas 19, nays 6.

## From Mexico—Troops Against Texas.

By an arrival at New Orleans news has been received from Mexico. News of the rejection of the treaty, by the U. S. Senate, was received at Vera Cruz on the 10th inst., which the Governor immediately forwarded by express to Mexico; the news gave great joy at Vera Cruz, and a revival of American business was expected from it.

Gen Santa Anna's order for all officers, on leave to report immediately for active duty, on pain of dismissal, had been published. The requisition of Gen Santa Anna for 30,000 troops and four millions of dollars had been granted, after some tardy but warm discussion in the Congress.

## From Canton:

A Canton paper of March 16 states that on the 10th of March the U. S. frigate Brandywine left Hong Kong for Manila, where we understand she is to be joined by two or three smaller ships of war, then return to Macao for Mr Cushing, and with the Southern monsoon proceed with the squadron to the Peiho. Commodore Parker was received by the Hong Kong authorities with all the honors due to his rank.

The British schooner Goddess, from Calao, Jan. 3d, reported the arrival there of the U. S. frigate United States in 22 days from Tahiti—the shortest passage ever made.

MEDICAL USES OF THE WILD CHERRY. Ever since the settlement of America, Wild Cherry has been known to possess very important medical virtues. Everybody knew this fact, but nobody knew how to extract its essential properties. Every mother gives Wild Cherry tea to her children for worms, for colds, and for almost every disease; and adults throughout our country are in the habit of making a compound or syrup of Wild Cherry bark, and other ingredients, to be used in spring as an antidote to complaints incident to that changeful season. It is found by experiment that the Wild Cherry possesses even far more important qualities than was credited to it. For the first stages of Consumption; Asthma, no matter how long standing, coughs, liver complaints, etc. it is proven to be the best medicine known to man. Dr Wistar's balsam of wild cherry is a chemical extract, combined with a similar extract from Tar, which enhances its value. Its success in curing Pulmonary disease, in almost every stage, after our best physicians could do no more, has astonished the faculty and led them to confess that Wistar's balsam of wild cherry possesses a principle heretofore unknown to medical men. 2d1w
